SENATOR CHAMBERS: Well...

SENATOR DE CAMP: Do you understand what I am saying?

SENATOR CHAMBERS: Yes, but I really don't see....if you were one mile over or ten miles over?

SENATOR DE CAMP: Well, normally it has been a custom that they excess some kind of a dollar per mile. So a judge could make a determination as to whether it was \$1, \$5, or \$10.

SENATOR CHAMBERS: Well could I just say the word maximum then without voting and so forth? Airlight.

PRESIDENT: Yes, the amendment will be changed by the introducer of the amendment. Senator Nichol.

CLERK: Read the amendment.

SENATOR NICHOL: Mr. President, members of the Legislature. May we talk about the amendment now, or did you want to vote on whether or not we bring it back?

PRESIDENT: Well it is impossible for me to seporate the debate on it, so we might as well talk on it.

SENATOR NICHOL: Alright, as far as this quick judgment that we would be making on this again, I understand that we are going to be reconsidering the point system in the near future. Rather than be doing this hodge-podge and quickly and perhaps coming back in a short time and re-doing it, I would rather wait until we have a little more information on this rather than doing it quickly. Thank you.

PRESIDENT: Senator Kremer.

SENATOR KREMER: Mr. President, members of the Legislature. Well of course I am going to continue to a take a position on this. As I stated before we are with a bill that establishes the speed limit according to federal regulations dealing with the point system. We are now assessing only one point in this area of speeding and we are passing legislation that would allow for a special permit to drive to work when a person is at a disadvantage because he lost his license. One point is a long ways from twelve points. I think that we need to be very careful in what we are doing here. I want to remind you that are law enforcement officers now.....a good deal of trouble in trying to enforce the law, and if we continue to minimize the penalty it will be much more....it will be that much more difficult to enforce the law and I am going to oppose returning this bill for this amendment.

PRESIDENT: Senator Chambers, do you care to close?

SENATOR CHAMBERS: No, no closing.

PRESIDENT: Alright the question is shall LB381 be returned to Select File for a specific amendment. Record your vote. Have you voted? Record. Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman, I don't know if there are ten not voing, or ten not in the chamber or just not voting, so I presume that I can ask for a call of the house?
